GROUND CONTROL · FAQS

Questions before liftoff?

Start here. Ask the crew for the rest.

THE BASICS

LOG 01 **What is TecHacks 5.0?**
A high-intensity hackathon where participants come together to build technology-driven solutions to real-world problems. You think, create, collaborate and turn ideas into working solutions.

LOG 02 **When is it?**
15 and 16 January 2027.

LOG 03 **What is the format?**
One 24-hour offline hackathon, fully in person at Chitkara University, Punjab. There is no online round.

LOG 04 **How long is it?**
24 hours, non-stop, from 15 to 16 January 2027.

LOG 05 **Which tracks can we build in?**
GovTech, Robotics & IoT, AI Agents, Healthcare, Agriculture & Sustainability, Cybersecurity and Open Innovation.

JOINING

LOG 06 **Who can participate?**
Anyone aged 18 or over, students and working professionals alike. We look for self-starters with real enthusiasm who come to build: honest work, no shortcuts, no fluff.

LOG 07 **How big can a team be?**
Crews of 2 to 4 members.

LOG 08 **I don't have a team. Can I still join?**
Yes. Find teammates on our Discord or at check-in, pitch your skills, and brainstorm together.

LOG 09 **Is there a registration fee?**
No. There is no registration fee. TecHacks 5.0 is free for every hacker.

LOG 10 **How do I apply?**
Registrations start soon and close on 10 Jan 2027. Once approved, your crew is in. FORM LINK

ON THE DAY

LOG 11 **What should I bring?**

Your laptop, charger, any hardware or software your build needs, an extension board if you have several devices, and a valid ID for verification.

LOG 12 **Will food and a place to rest be provided?**

Yes. Meals and a place to rest are provided on campus for the full 24 hours. Travel and travel costs are not covered, so plan your own way in (Chandigarh is the nearest city).

LOG 13 **Will hardware be provided?**

No. TecHacks will not provide hardware, so bring what your build needs. Only sponsored kits will be available. Please write to us at hi@techacks.tech to confirm before you plan around one.

LOG 14 **What is the prize pool?**

Prizes worth ₹6 lakh: ₹3 lakh worth for the winners, ₹2 lakh worth for the 1st runner-up and ₹1 lakh worth for the 2nd runner-up. Plus four side awards: Best First Flight (first-time hackers), Best All-Girls Flight Crew, Mission Control's Favourite (crowd's favourite) and Best Space Correspondent (content creator). Every crew gets certificates and exclusive goodies.

LOG 15 **Will participants receive certificates?**

Yes, as recognition for completing the hackathon journey.

FAIR PLAY

LOG 16 **Can I reuse code or look things up?**

Learn freely: ask questions, read docs, look at examples. Your project itself must be built during the hackathon, and you should be honest about any libraries, templates or AI tools you use.

LOG 17 **Is there a Code of Conduct?**

Yes. Everyone agrees to it. To report a concern, write to Amit Pandey: amitk.pandey20@gmail.com.
